About the Forum 論壇簡介

As the seventh consecutive annual event in this series since 2019, the 7th Hydrogen Economy Forum (HEF7) is poised to be a premier gathering for discussing the latest policies and technologies driving hydrogen (H₂) adoption in Hong Kong. This push for hydrogen is central to the region's goals of environmental sustainability and carbon neutrality.

作為自 2019 年以來該系列連續第七屆的年度活動，第七屆氫能經濟論壇（HEF7）勢將成為一場討論推動香港氫能（H₂）應用最新政策與技術的盛會。推動氫能發展對實現該地區環境可持續性與碳中和目標至關重要。

Building on the overwhelming success of previous forums, HEF7 will be a half-day hybrid event, offering both physical and virtual participation. Co-organizers have assembled key stakeholders from Hong Kong, the Greater Bay Area (GBA), and Australia to share insights on policy direction, project implementation, success stories, challenges, cutting-edge technological achievements, and pilot projects development.

秉承往屆論壇的巨大成功，HEF7 將以半天混合形式舉辦，提供實體參與與線上參與兩種方式。聯合主辦方匯聚了來自香港、大灣區及澳大利亞的關鍵業界代表，共同分享關於政策方向、項目實施、成功案例、面臨挑戰、尖端技術成果與試點發展的深刻見解。

As in previous years, we are also very pleased to continue having the Hong Kong Trade Development Council as our Strategic Partner. We are delighted that HEF7 continues to be an Official Event of the Eco Expo Asia 2026.

與往年一樣，我們也非常高興香港貿易發展局繼續成為我們的戰略合作夥伴。我們很高興 HEF7 繼續成為 2026 年國際環保博覽的官方活動。
